# CONNECTING TO SMARTTHINGS APP

1. Make sure the lock is set up through the Smart Solity App and connected to WiFi

2. Download and open the SmartThings app.

3. You are going to create an account for the SmartThings app

4. You are going to go to the bottom side bar menu and click on devices. As shown below

5. You are going to go to the search engine menu at the top and search for "Smart Solity" and click it.

6. It is going to ask you to "Link Account".Go ahead and click it. Which means it will link the "Smart Solity' App and the "Smartthings" App together.

7. A pop-up window will appear and ask you to sign in to your Smart Solity account

8. If your lock is already linked to the Smart Solity App, it will automatically be found after you are signed in

9. You are now all set and ready to use
